1. General Information:

Pre-booking and Pricing Information

Pre-booking is now underway for the 2012-2013 influenza season.

MMCAP post cards reminding members to pre-book influenza vaccine will be sent out January 20.

Pre-booking notices are being mailed to members by both contracted manufacturers and distributors of influenza vaccine.

Additional distributor agreements may be put into place; pricing information will be posted as soon as MMCAP has signed contracts.

NOTE: On January 20, 2012 the Pricing and Pre-booking Information will be available.

Visit the following website to obtain current and detailed information.

www.mmcap.org by selecting “**Member News**” and then “**Influenza Pre-booking and Pricing information.**”

An access code is required to view the page. Contact the State Contract Administrator listed above or the MMCAP office to obtain an access code for the awarded vendor Information.

The State of North Carolina is a member of The Minnesota Multi-State Contracting Alliance for Pharmacy (MMCAP). The bidding of pharmaceuticals and the administration of the contract are managed by the Minnesota Department of Administration, with evaluation and award decisions being made by representatives of each participating State.

MMCAP is a group purchasing organization which contracts for pharmaceuticals and certain health care products for its members use. Participation in MMCAP is limited to facilities within member states that are specifically permitted by the member states statutes to purchase goods from the member states contracts. Participation is generally available to facilities run by state agencies, cities, townships, and counties.

2. Scope of Contract

These Adult and Pediatric Influenza Vaccines are purchased from the State of Minnesota through a co-operative purchasing agreement with the State of North Carolina called the MMCAP Contract. (Minnesota Multi-State Contracting Alliance For Pharmacy).

3. Warranty

The contractor guarantees items offered to be free from any and all defects in material, packaging and workmanship and agrees to replace defective items promptly at no charge to the State. Contractor acknowledges that each of the drug entities they propose has an FDA certified new drug application (NDA) on file and accepts the liability which such application confers. Through their signature, each proposer guarantees to furnish no product which is adulterated or misbranded within the meaning of the Federal Food, Drug, and Cosmetic Act, or any regulation of the Federal Food and
